Participant guide

Enduring the Unrest, Facing the Eruption
CAV2026: Global Volcano Communities

27-29 October 2026
Auditorium Porta del Parco, Naples, Italy

At a glance

Tuesday 27 October
Enduring the unrest. Registration opens at 08:30; the opening session starts at 09:30.

Wednesday 28 October
Living in active volcanic areas. Field trip to the Campi Flegrei caldera, 09:00-17:00, or visit to the INGV-OV surveillance room at 10:00 or 15:00, both by reservation. Aperitivo at the auditorium, 18:00-20:30.

Thursday 29 October
Facing the eruption. Opening at 09:30; closure at 18:15-18:30.

Workshop enquiries
cav2026naples@ingv.it

All times are local.

Getting here

The workshop is held in Bagnoli, in the western part of Naples. Use the overview map for arrival points and the local map for stations and nearby landmarks.

Workshop venue

Auditorium Porta del Parco
Via Diocleziano 341-343, Bagnoli, Naples

Arriving by air

Naples International Airport is also known as Capodichino. Consult the airport and ANM websites for current airport connections, including Alibus. For taxis, check the current official tariff and confirm the fare arrangement before departure.

Arriving by train

Napoli Centrale is the main arrival station. For onward travel towards the venue, check services from Napoli Piazza Garibaldi to Napoli Campi Flegrei. The local map also shows Bagnoli-Agnano Terme and the Cumana stations; these belong to different railway services.

Arriving by sea or car

The overview identifies Naples port at Molo Beverello and Pozzuoli port. Check the arrival terminal on your booking: Naples port has several passenger terminals. The A56 Tangenziale is shown for orientation.

Local rail services

Cumana - EAV: Bagnoli-Città della Scienza, Agnano, Edenlandia and Mostra-Stadio Maradona.
Line 2 - RFI/Trenitalia: Bagnoli-Agnano Terme, Cavalleggeri Aosta and Napoli Campi Flegrei.

Around the venue

Bagnoli and Fuorigrotta - local stations and workshop landmarks

1. Auditorium Porta del Parco
2. INGV Osservatorio Vesuviano
   Operational site - Via Diocleziano 328
3. Napoli Campi Flegrei - Line 2
4. Mostra-Stadio Maradona - Cumana
5. Edenlandia / Zoo-Edenlandia - Cumana
6. Agnano - Cumana
7. Bagnoli-Città della Scienza - Cumana
8. Bagnoli-Agnano Terme - Line 2
9. Cavalleggeri Aosta - Line 2

Visits on 28 October

Two alternative activities are available by reservation:
Field trip to the Campi Flegrei caldera, 09:00-17:00: Monte Nuovo, Solfatara and Pozzuoli city centre.
Visit to the INGV-OV surveillance room: Via Diocleziano 328. Two time slots are available, at **10:00 or 15:00**, each lasting **one hour**.
To register for either activity, please email cav2026naples@ingv.it, specifying your preferred activity and, for the surveillance room visit, your preferred time slot.

Basemap: Google Maps, map data ©2026 Google. POI positions: Google Maps and OpenStreetMap via Mapcarta. The OV marker identifies the operational site in Naples.
